

## **Update on Coronavirus Policy**

Our offices are re-opening fully on Monday 8 June 2020. We have taken precautions to ensure the safety of our staff and clients (should you need to see us face to face) and we continue to be available at the end of a telephone line or via email should you prefer that method of communication. Please do get in touch if you have any questions or queries. We have had plenty of experience of navigating the various government assistance measures and we are looking forward to our busy workload re-commencing.

Mark Buffery
